进口 PP 膜 Imported PP film

有厚度有质感，采用 UV 涂层技术生产；手感、色泽、清晰度和防刮都优于其他装饰膜，花色丰富，提升了空间艺术表达力，质量达国际行业标准。

Thick and textured, produced using UV coating technology; The hand feel, color, clarity, and scratch resistance are superior to other decorative films, and the colors are rich, improved the expressive power of spatial art and achieved international industry standards in quality.

军工热轧铝镁锰板 Military hot-rolled aluminum magnesium manganese plate

板材全新升级，精选军工热轧铝镁锰板，抗冲击强度更高，耐腐蚀更强，更加环保。

The plate has been upgraded with selected military hot-rolled aluminum magnesium manganese plates, which have higher impact strength, stronger corrosion resistance, and are more environmentally friendly.

PUR 热熔膜 PUR hot melt film

进口德国 PUR 热熔膜绝无甲醛经 200 度热压机高温压制复合固化成型。

Imported German PUR hot melt film has no formaldehyde and is formed by high-temperature pressing and composite curing using a 200 degree hot press machine.

高强度蜂窝铝制芯 High strength honeycomb aluminum core

太空铝表面经环氧氟碳处理，具有较强的耐腐蚀性。环保可回收，防火无异味。

The surface of space aluminum is treated with epoxy fluorocarbon, which has strong corrosion resistance. Environmentally friendly and recyclable, fire-resistant and odorless.

蜂窝材料具有抗风压，比重轻，硬度大，结构稳定，不变形，隔音，隔热，防火，防水，防震功能突出，外观平直，色彩多样，色泽均匀稳定，安装方便，快捷。

Honeycomb materials have outstanding functions such as wind pressure resistance, light weight, high hardness, stable structure, no deformation, sound insulation, heat insulation, fire prevention, waterproofing, and shock resistance. They have a straight appearance, diverse colors, uniform and stable colors, and are easy and fast to install.
